

Entrepreneurship Development Programs under ABIC, ICAR-IIPR, Kanpur

Agri-Business Incubation Center (ABIC), established at ICAR-Indian Institute of Pulses Research, Kanpur is mandated to promote agri-business development in pulse processing, pulse value addition, pulse seed production, bio-fertilizer production and bio-pesticide production. In this direction, ABIC, has initiated Entrepreneurship Development Program (EDPs) for young entrepreneurs, startups, farmers, firm/company, Farmer Producer Organizations and any interested person. These EDPs are focused Three to five days program with intensive theory and hands-on sessions, under the supervision of domain mentors in well-equipped laboratories of the institute. Applications are invited for the foresaid EDPs under ABIC as per the scheduled calendar. The brochure of the same is also attached for more information.

Entrepreneurial Development Program under “Agri-Business Incubation center”

Thrust Areas

- Pulse Processing
- Bio-fertilizer production
- Pulse seed production
- Pulse Value addition
- Bio-pesticide production

ICAR-Indian Institute of Pulses
Research, Kanpur-208024

“Agri-Business Incubation center”

Infrastructure facilities

• Pulse processing lab

• Bio-pesticide Lab

• Microbiology Lab

• Seed technology Lab

Support services at ABIC, ICAR-IIPR, Kanpur

- Technical mentoring
- Business plan development
- Certification and licensing of business
- Linkage development
- Marketing and brand promotion
